Subject: Child-Patient Psychotherapy (CPP) Training Opportunity

Summary: Child-Patient Psychotherapy (CPP) Training Opportunity
Learning Collaborative for Louisiana Medicaid Behavioral Health Agencies

Overview:

The [Center for Evidence to Practice](#) (Center for E2P) has released a Request for Application (RFA) in order to identify behavioral health practitioners in Louisiana who are equipped to successfully participate in Child-Parent Psychotherapy training and implementation.

Through the Request for Applications (RFA), the Center for E2P and Drs. Amy Dickson, Julie Larrieu, and Devi Murphy, look forward to identifying a strong cohort to participate in this training and learning collaborative opportunity.

The Child-Patient Psychotherapy training is scheduled to begin in **August 2023** and continue for 18 months. There will be no cost to agencies for the course itself; however, agencies must financially commit to the time and effort required to complete the training and the delivery of the Evidence Based Practice (EBP).

Goal:

The goal of this RFA is to help providers determine if this EBP is a good fit for their clinicians, organization and children and families they service. It should also help providers determine if they are able to commit to the expectations of participating in this training opportunity and of delivering the EBP.

The application requests information about:

- Providers' qualifications,
- Services they provide to Medicaid-insured children and families, and
- Readiness to participate in the training and to deliver the EBP.

Application Process:

Please review the CPP RFA accessible by clicking [here](#), in its entirety for complete details about the training components.

This training application requires TWO (2) FORMS to be completed for EVERY APPLICANT; the Trainee Application AND the Agency Agreement.

Applications must be received by Thursday, **August 3, 2023**. All applicants will be notified by **August 10, 2023**.

Drs. Amy Dickson, Julie Larrieu, Devi Murphy and the E2P staff will be reviewing applications based on the Application and Selection Process (Section 3 of the RFA) to select providers that are best able to take advantage of this training opportunity and to sustain delivery of the EBP.
